Progress Club Holds Planning/Strategy Meeting

The Progress Club held a planning/strategy meeting last Wednesday. Club President Dan Rojas mentioned several steps that the Board is planning to take:

- Lay-off the Assistant Administrator as of Friday, March 6. With the loss of members, the club can no longer afford it. We will need the help of the membership to do the tasks that he does now.
- Considering establishing an automatic draft each participating member's bank account or credit card for the amount of the monthly invoice.
- Considering establishing a bank lock-box to which members would mail checks.
- John Sorgie and Robert Pearce will be responsible for getting speakers and setting up member trade talks/open houses.
- Revamp the committee system.
- Conduct membership drives to get more guests.
